WEBSITE STRUCTURE

STRUCTURE TO:

06/04/2026

Mr. Prabu L (MD),
Trendy Interiors,
Kavindapadi , Erode Dt.

1. Project Overview

The goal is to update the "Trendy Interiors" website with an interactive, step-by-step configuration tool that helps users select their room type, budget plan, and dimensions to receive a tailored interior design estimation and downloadable quotation.

2. User Flow & Screen Structure

Screen 1: Room Selection (The Starting Point)

Goal: Identify which part of the home the user wants to design.

Options: Hall, Kitchen, Bedroom, Bathroom, Dining, etc.

UI Elements: Large, visual cards for each room type.

Screen 2: Plan/Budget Selection

Goal: Align the design style with the user's budget.

Tiers:

Luxury: High-end materials, custom furniture, designer lighting.

Premium: High-quality finishes, branded fixtures, sophisticated aesthetics.

Budget Friendly: Balanced quality and cost, functional yet stylish.

Low Cost: Essential designs, cost-effective materials, DIY-friendly options.

UI Elements: Comparison table or tiered pricing cards highlighting what's included in each.

Screen 3: Room Dimensions & Design Ideas

Goal: Collect technical data and show relevant inspiration.

Inputs: Length, Width, Height (sq. ft. calculation).

Gallery: A curated list of interior design ideas based on the selected Room

Interaction: Clicking a design idea selects it for the quote.

Screen 4: Interior Decor Add-ons (Optional)

Goal: Upsell smaller decor items.

Items: Wall art, indoor plants, rugs, smart lighting, curtains.

UI Elements: A "mini-page" or overlay (pop-up) showing items with individual costs and "Add" buttons.

Totalizer: A live update of the "Add-on Total."

Screen 5: Final Estimation & Quotation

Goal: Provide a transparent cost breakdown and lead conversion.

Content:

Summary of selected Room, Plan, and Dimensions.

Itemized list of Base Cost + Add-on Costs.

Grand Total Estimation.

Primary Action: "Get Quotation" button.

Outcome: Triggers a PDF download of the detailed quotation.

3. Design Principles

Visual-Heavy: Use high-quality imagery to inspire the user.

Progressive Disclosure: Don't overwhelm the user; show one step at a time.

Professional & Trustworthy: Clean typography and a sophisticated color palette (consistent with "Trendy Interiors").
